**Educational Non-Profit Announces ACT/SAT Instructor Vacancies  
in Growing Upper Midwest Market**

IOWA CITY, IA – Doorway to College Foundation (D2CF) seeks candidates to fill Upper Midwest Instructor vacancies for its nationally-recognized ZAPS ACT/SAT Strategy Seminars. Seminars are held primarily in the fall and spring, during the school day, after-school and on weekends at high schools and community-based locations.

**Qualifications Sought**

An ideal candidate will possess a minimum of a baccalaureate degree and experience providing direct instruction, tutoring or workshops for diverse high school and/or college students. Schedule is flexible, however, availability during the school day is beneficial. Ability to travel within states of Minnesota, Iowa, and Wisconsin.

**Training and Certification**

Doorway to College Foundation provides self-paced, remote training via online and teleconference. \$\$\$\$ Training bonus upon completion

**Compensation**

\$250-\$400 per 5-hour seminar (depending upon number of students), travel reimbursement

**Next Steps**

Interested candidates please submit resume via email to Kelsey Foster, Executive Director [hiringmanager@doorwaytocollege.com](mailto:hiringmanager@doorwaytocollege.com). Questions can be directed to Mr. Foster via email or call (877) 927-8378.

### **About Doorway to College Foundation**

As a 501(c)(3) public charity, Doorway to College Foundation's primary mission is preparing students for their transition to higher education, whether they choose a community college or a selective university. Every day, we strive to inspire students to take control of the college admissions process. We work to spark each student's enthusiasm for college prep early on so they begin to build the foundation for their dreams. Working directly with schools and community partners, Doorway to College Foundation's goal is to arm young scholars and their families with solid strategies to achieve competitive scores and succeed in the transition from high school to higher education. Doorway to College Foundation helps high school students achieve their best test scores on high-stakes college-entrance exams. Nearly 25,000 students each year now participate in the ZAPS test-prep program. Doorway to College Foundation also offers comprehensive guidance geared toward each aspect of the college admissions process. In the future, we will continue to evolve and develop new services and products to help students make a seamless transition into a college or university - and support the parents and educators involved in this process, too.
